Summary

I'm an experienced Python developer and machine learning engineer
with a proven track record of crafting clean and maintainable code
adhering to industry best practices. Proficient in leveraging Python
libraries and frameworks to create efficient applications, I excel at
problem-solving and thrive in collaborative environments. My journey
from a junior developer to an ML engineer showcases my dedication
to continuous learning and adapting to cutting-edge technologies.
Eager to contribute my expertise to projects that drive growth and
professional development.
